

Jesus Sings

Chorus

Jesus sings easy from my heart
Sweet from my soul
Jesus falls softer on my ear
Than others I know
Inscribed across my dark places
Or carved forever in stone
He seems to be most at home
Written deep in me
Jesus in neon or written across the skies
Sung out in praises--Whispered in lullabys
One thing we agree on
No other name can bring such calm
No other one more worthy to be sung

Chorus

On thru the ages faces have come and gone
Of men of power--Doers of right and wrong
Not much eternal--Not much but cloudy memories
Oh but not so with Jesus
His name and his power
Lives on in you and me
Chorus
