

# One Time in Each Forever

Wayne Watson

One time in each forever  
One time in every always  
From the pains of birth of a universe  
'Til the worlds crash to an end  
One time in each forever  
For all of our wrongs together  
Once was enough to cover us  
One time and never again

Jesus, my Savior  
Once and forever  
From the beginning  
After the end  
Jesus, my Savior  
Once and forever  
Innocent blood  
Forgiving flood  
Once and for all

For all that have gone before me  
And all that will follow after  
Living in peace or with disaster

There's One Way, One Truth, One Life  
For every eye that's weeping  
And for every soul that's pleading  
For every heart that's broken needing love

Jesus, my Savior  
Once and forever  
From the beginning  
And after the end  
Jesus, my Savior  
Once and forever  
Innocent blood  
Forgiving flood  
Once and for all

Oh, Jesus, my Savior  
Once and forever  
Innocent blood  
Forgiving flood  
Once and for all

Ooh, once and for all
