

# Rock Steady

Wayne Watson

Sometimes I feel I can walk on water  
Sometimes I feel like I'd sink like a stone  
Some days I feel like a king in a castle  
Other days I feel like a man with no home

You know, sometimes I feel like a man on a mission  
Sometimes I feel like I'm lost in space  
Some days I hold to the law by the letter  
Other days I lean on mercy and grace

Welcome to my rollercoaster  
These ups and downs don't bother me

You see, God is rock steady  
Faithful ever ready  
Through the good and the bad  
Through the pleasure, the pain  
God is rock steady  
Faithful ever ready  
This worlds keeps changing  
He is the same, oh...  
He is the same

Sometimes I feel I've got a faith to move mountains  
The tough get going, well, you know the rest  
Some days I feel like old doubtin' Tommy

Crashing and a-burning with every single test

Welcome to my rollercoaster  
These ups and downs don't bother me

You see, God is rock steady  
Faithful ever ready  
Through the good and the bad  
Through the pleasure, the pain  
God is rock steady  
Faithful ever ready  
This worlds keeps changing  
Oh, my God is rock steady

You know, God is rock steady  
Faithful ever ready  
Through the good and the bad  
God is rock steady  
Faithful ever ready  
This worlds keeps changing  
He is the same

Oh, He is the same, yeah  
God is rock steady  
(Rock steady, He don't change)  
(Rock steady, ooh-ooh...)  
Oh, yeah, oh, yeah  
(Rock steady, He don't change)  
(Rock steady, ooh-ooh-ooh...)  
(Rock steady, He don't change)

(Rock steady, ooh-ooh...)
