

Between The Sheets

Wayne Wonder

I, see you in the cut
So I had to approach you
And let you know, what I really want

I, just wanna make love
Cause I like what I see
And watching you girl is not enough for me

Im not gonna beat around the bush
Got intentions for the both of us
I wanna reach out, I wanna touch
Girl u makin me wanting you so much

The way you move your body from left to right
Makes me wanna leave out with you tonight
Can't control myself, your on my mind

You and me between sheats tonight

I, see you in the cut
So I had to approach you
And let you know, what I really want

I, just wanna make love
Cause I like what I see
And watching you girl is not enough for me
