

## Reset It

Wayne Wonder

Remember when you use to put it on me  
Love it when you use to put it on me  
Oh girl

Reset it back like how it was  
When we use to love

Reset it back like how it was  
When we use to love

Reset it back like how it was  
When we use to love

Reset it back like how it was  
When we use to love

Girl you give me nothing but pleasure  
When we are together  
With you girl it's so much better  
Something to treasure  
Idling without you go round and round  
Yea, yea  
If it was up to me I'll go on forever

Making out with the lights on baby  
You never afraid a let it show  
Got what it takes to drive me crazy  
A love it when you bruk it down low  
Girl when you were in my life  
Everything seems alright  
No matter who comes by you  
I just can't never replace

Something about the way you put it on me  
You put it on me yea  
Something about the way you put it on me  
Put it on me yea, yea

Something about the way you put it on me  
You put it on me girl  
Something about the way you put it on me  
Girl
