

Filthy Rich

WayV

Driving in a drop top late at night
Spicy like Serrano you so fine
Every time that you get close
Both my eyes go wherever you go
Yea you looking like you been up on vogue, oh, no

You make me feel like somebody
The eyes that we get in the lobby
I'm feeling myself
I'd take you over all my wealth

If I got you I'm filthy rich
And money don't mean nothing
Pack a bag and take a trip
And go somewhere that's sunny
I've been working too damn hard
Stressing 'bout my credit card
If I got you I'm filthy rich
And money don't mean nothing

She wanna vibe 'cause I'm wealthy
I know she a bit inclined to tell me
Every single thang she wanna do her drive us healthy, like it stealthy

Sneaking in the cut and higher than 9 planets
Shawty feeling interested in my finances
She like show me, yeah I bet she do
Off to better views, she don't want no reverends, she want revenue

Bought a spot that's got a pool, never knew, I was fooled
Heard that little shorty on the move (Oh)

You make me feel like somebody
The eyes that we get in the lobby
I'm feeling myself
I'd take you over all my wealth

If I got you I'm filthy rich
And money don't mean nothing
Pack a bag and take a trip
And go somewhere that's sunny
I've been working too damn hard
Stressing 'bout my credit card
If I got you I'm filthy rich
And money don't mean nothing

The way you looking tonight
I'm not believing my eyes
Baby it just came at me with no surprise
I've been feeling low
Now I'm feeling high
Don't you know that the truth is

If I got you I'm filthy rich
And money don't mean nothing
Pack a bag and take a trip
And go somewhere that's sunny

I've been working too damn hard
Stressing 'bout my credit card
If I got you I'm filthy rich
And money don't mean nothing

Camera flash and flash
Show off the money
Flash and flashin'
Show off the money, money
Flash and flash
Show off the money
Flash and flashin'
Show off the money, money

Looking fresh and clean, rocking to the beat
Looking fresh and clean, rocking to the rocking to the

If I got you I'm filthy rich
And money don't mean nothing
