Bitches don't see I'm a hundred percent legit  
And you know it ain't about all that bullshit  
Bitches don't see I'm a hundred percent legit (Yeah!)  
And you know it ain't about all that bullshit (Turn the Music up!)  
Bitches don't see I'm a hundred percent legit (Uhha!)  
And you know it ain't about all that bullshit (What?)  
All of y'all can just.. (Come On!) all of y'all can just..  
All of y'all can just SUCK my dick!

Feeling good, gripping wood, laying upon the leather  
Sunny weather rolling with the windows down low  
Hitting Kush, niggaz look, cause I'm drinking and blazing on th  
at  
Roll that motherfucker, you know I'm blown  
Dice on the mirror, Dub Shiest call me the Power Steering  
Rolling up on these whores  
Pure and Vanilla on my passenger seat  
So I'm looking around, looking out for po po's  
Dirty as a piss test; can't afford to get arrested  
Cause I know these niggaz wanna stretch me out long  
Cause I'm a Lench Mob rider with triple X.O.; wearing V.V.S sto  
nes  
Awww shit! - this independent game got my ass sitting on Chrome  
Dub-C; niggaz thought it was over cause I was gone  
But tell them motherfuckers I'm home!

I see you niggas' lips moving around and moving around  
Preparing to shoot me down because I got the top down  
But I ain't giving a damn, I'm giving them a main ply  
Plus, I can't hear you because I got the loud sounds  
Reflection from the wet paint got them upset  
Hating me cause I'm moving around town  
But y'all ain't seen nothing, give way my hog  
Get to settle your ass to pound the ground  
Fat stack, fat sack, joint is fat  
Matter of fact, motherfucker I'm about to clown  
Front back, black Lac, and this black strap  
That have the choir singing to you in the black gown  
And I don't care what they say, I'ma hustle get laid, make mone  
y and lounge  
Niggaz thought it was over  
But see I just started tell them motherfuckers Dub's back aroun  
d!
