

# When Things Fall Apart

We Are Augustines

Darling, it's a town of vampires,  
don't you know?  
Can't you feel the cold when blown,  
to the heart of our little towns when we're...,  
yeah, yeah, yeah,  
Darling, there's footprints in the snow,  
fast friends and faster renumes,  
but it seems around here,  
they like it like that,  
yeah, yeah, yeah,

Don't fall to pieces,  
Don't fall to pieces, when I'm gone,  
ooh

We go someplace, to get a new start,  
you gotta move on when things fall apart,  
We go someplace, to get a new start,  
you gotta move on when things fall apart

Darling, the world's really broke your heart,  
and I know sometimes it gets hard,  
it's hard to believe in anything,  
yeah, yeah, yeah

Well, don't fall to pieces,  
Don't fall to pieces, when I'm gone,  
ooh

We go someplace, to get a new start,  
you gotta move on when things fall apart,  
We go someplace, to get a new start,  
you gotta move on when things fall apart

When I ... ,  
But I can't hear any word you said,  
We don't fit in anywhere,  
Let's grab our things and go  
Let's grab our things and go  
and go

We go someplace, to get a new start,  
you gotta move on when things fall apart,  
We go someplace, to get a new start,  
you gotta move on when things fall apart

We go someplace, to get a new start,  
you gotta move on when things fall apart,  
We go someplace, to get a new start,  
you gotta move on when things fall apart

We go someplace, to get a new start,  
you gotta move on when things fall apart,  
We go someplace, to get a new start,  
you gotta move on when things fall apart
