

# Never Stop Singing

## We Are Messengers

There's nothing we want more  
Than to be with you  
We're longing to be home  
It couldn't be too soon  
Nothing we have here  
Could ever satisfy  
Like what is waiting for us  
On the other side

So, we ache for the day  
We will be with our King  
And get lost in your praise  
We'll fall on our knees and sing

Holy, holy  
We'll never stop singing  
We'll never stop singing  
To the One who is  
Holy, holy  
We'll never stop singing  
We'll never stop singing

What will it be like  
To look upon Your face  
When all our tears are gone  
And only love remains  
What else can we bring  
To the One who has it all  
It's a broken hallelujah  
But you still want our song

Holy, holy  
We'll never stop singing  
We'll never stop singing  
To the One who is  
Holy, holy  
We'll never stop singing  
We'll never stop singing  
To the One who is

There is no greater name  
There is no greater name  
No one deserves our praise  
Only Jesus, only Jesus

There is no greater name  
There is no greater name  
No one deserves our praise  
Only Jesus, only Jesus

There is no greater name  
There is no greater name  
No one deserves our praise  
Only Jesus, only Jesus

No we'll never stop singing  
We'll never stop singing

We'll never stop singing  
To the One who is  
Holy, holy  
We'll never stop singing  
We'll never stop singing  
To the One who is  
Holy, holy  
We'll never stop singing  
We'll never stop singing  
To the One who is

There is no greater name  
There is no greater name  
No one deserves our praise  
Only Jesus, only Jesus
