

# Power

## We Are Messengers

Nothing can hold us back  
Nothing can tear us apart  
Not life, not death, not the in between  
This is just the start

Don't let 'em keep you down  
Don't let them push you out  
We were made to live  
To be fierce like lions  
Love and forgive

Just keep moving on  
Just keep pushing ahead  
Yeah, the new has come  
All the old is dead  
Just keep moving on  
Keep your eyes on the prize  
And that word in your heart  
Yeah, we'll be alright

(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
Yeah we'll be alright

Yeah, we're running out the darkness  
Chasing down the dead of night  
We're bringing hope to the streets  
There's a new way, a better life

Only One can set the captive free  
He's bringing sight back to the blind  
Show the lame how to walk  
And make the dead alive

Just keep moving on  
Just keep pushing ahead  
Yeah, the new has come  
All the old is dead  
Just keep moving on  
Keep your eyes on the prize  
And that word in your heart  
Yeah, we'll be alright

(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
Yeah we'll be alright

(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
Yeah we'll be alright

We got that Holy Ghost power  
We got our hearts set on love  
We got that Holy Ghost power  
We keep our eyes fixed above

We got that Holy Ghost power  
We got our hearts set on love  
We got that Holy Ghost power  
We keep our eyes fixed above

Just keep moving on  
Just keep pushing ahead  
Yeah, the new has come  
All the old is dead  
Just keep moving on  
Keep your eyes on the prize  
And that word in your heart  
Yeah, we'll be alright

(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
Yeah we'll be alright

(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
We got that  
(Power, power)  
Yeah we'll be alright
