

Saviour

We Are Messengers

Saviour, oh Saviour
A Child and yet a King
Lord of everything
Saviour, my Saviour
Emmanuel has come
With hope for everyone

Here in the darkness
I see the light of the world
Here in the chaos
There is peace coming to the earth
And all this will change
In the most beautiful way
With a Virgin Mother
And a Baby's birth

Saviour, oh Saviour
A Child and yet a King
Lord of everything
Oh Saviour, my Saviour
Emmanuel has come
With hope for everyone
What a Saviour

Here in the mystery
Son of God and Son of man
Dawn is now breaking
Through the skies of Bethlehem
Earth meeting heaven
As one Baby cries
Death started running running
And salvation arrives

Saviour, oh Saviour
A Child and yet a King
Lord of everything
Oh Saviour, my Saviour
Emmanuel has come
With hope for everyone
What a Saviour
What a Saviour

Lying in a manger is the Lord of Lords
All the power and the honor and the glory is Yours
The One who came to save and to heal and restore
All the power and the honor and the glory is Yours

Saviour, oh Saviour
A Child and yet a King
Lord of everything
Oh Saviour, my Saviour
Emmanuel has come
With hope for everyone
What a Saviour
Yeah, what a Saviour
What a Saviour

(Joy to the world, the Lord has come)
