

# Wolves

We Are Messengers

Tell me what I need to say  
Please don't go, just stay  
I know I seem so far away  
But you are always on my mind

I need you to hear my voice  
Stop talking, making noise  
I know I seem so far away  
But you are always on my mind

I can't stop the world from spinning 'round  
But I will hold you in my arms  
Can't be everything you need  
But I'll keep you warm

And when the wolves come for your heart  
They're gonna have to take me first  
Yeah I don't have a lot to give  
But I'll give it all  
I'll give it all

Tell me that we'll be okay  
And we won't do this again  
Oh please don't be so far away  
Cause you are always on my mind

I can't stop the world from spinning 'round  
But I will hold you in my arms  
Can't be everything you need  
But I'll keep you warm

And when the wolves come for your heart  
They're gonna have to take me first  
Yeah I don't have a lot to give  
But I'll give it all  
I'll give it all

When the hurt comes  
I'll be holding you tight  
'Til the night breaks  
Yeah we'll be alright  
Yeah we'll be alright

It's only you now  
I don't want no one else  
If I've got you  
I don't need nothing else  
You're the one for me

I can't stop the world from spinning 'round  
But I will hold you in my arms  
Can't be everything you need  
But I'll keep you warm

And when the wolves come for your heart  
They're gonna have to take me first  
I don't have a lot to give

But I'll give it all  
I'll give it all
