

## Dad Wars

## We Are Scientists

You think you're bad  
You think you've got  
The greatest dad  
But mine sits  
Home all day  
Writin' songs  
Drinkin' beer  
Walk the dog

It's just his way of life  
Some people think it's wrong  
It's probably because  
They've never seen his four-foot bong

You like your dad  
And I get that  
But please admit  
That if you  
Had to choose  
One to to be  
Yours or mine  
Then we'd see

It's just his way of life  
Some people disagree  
But you seem like a person  
Who appreciates his sleep

He said he's gonna hire interns next year  
And I could put you at the top of the heap  
But you have got to [?]  
I need to hear you say that your dad's a sheep

It's just his way of life  
Some people disagree  
But you seem like a person  
Who appreciates his sleep  
'Cause haters gotta hate  
What else they gonna do?  
While sittin' in their offices  
Arrangin' little cubes
