

# I Cut My Own Hair

We Are Scientists

I've made a thousand messes  
I just keep growing out  
I've never been much for your lessons  
And I'm not gonna start right now

You know what?  
I don't care  
So I cut  
My own hair

I'm writing all your songs and  
I've writing all your books  
I'm writing all your wrongs, now  
But I'm sure it won't do any good

You know what?  
I don't care  
So I cut  
My own hair

You slipped up?  
So don't bother  
You got cut?  
Well don't bother  
You're no fun  
Well don't bother  
It's not love  
So don't bother

You know what?  
I don't care  
So I cut  
My own hair  
You know what?  
I don't care  
So I cut  
My own hair
