

# Parachute

We Are Scientists

All my lessons are in the bag  
These defenses are all I have  
I'll make it simple because that's my style  
I take my math rock in 4/4 time

Just because I'm scared to  
Doesn't mean I'm scared of you  
I always wear this parachute

I'm paralytic, mired in thought  
I'd love to bring it like it should be brought  
There's so much tension it hurts to try  
Electric fencing for an acoustic guy

Just because I'm scared to  
Doesn't mean I'm scared of you  
I always wear this parachute

If I were brave, I'd take my chances  
Dive right in and face what happens  
I thought I'd be safe, but now I'm in too deep

Just because I'm scared to  
Doesn't mean I'm scared of you  
I always wear this parachute
