

# The Big One

We Are Scientists

We're back in the powder room  
And you're starting to tell the truth

I'm in pieces  
But don't hate it  
'Cause at least it's  
Entertainment

I thought this was a test run  
But everybody hang on  
'Cause this is the big one  
This is the big one

There's nothing you haven't read  
On the syllabus in my head

I need lessons  
So successful  
They make sense, but  
Only testers

I thought this was a test run  
But everybody hang on  
'Cause this is the big one  
This is the big one

I thought this was a test run  
But everybody hang on  
'Cause this is the big one  
This is the big one  
This is the big one  
This is the big one
