

Too Late

We Are Scientists

Nothing's so hard
We can get around it
If anything's wrong
Forget about it
Don't just turn and walk away

Don't stop now, it's never too late
It's never too late, it's never too late
Don't stop now, it's never too late
It's never too late, it's never too late

Well nothing's for sure
And that's for certain
It's best to ignore it
Or so I'm learning
Don't just turn and walk away

Don't stop now, it's never too late
It's never too late, it's never too late
Don't stop now, it's never too late
It's never too late, it's never too late

Don't stop now, it's never too late
It's never too late, it's never too late
Don't stop now, it's never too late
It's never too late, it's never too late

And oh you've not
Been listening
But all we are
Is history
When you turn and walk away

Don't stop now, it's never too late
It's never too late, it's never too late
Don't stop now, it's never too late
It's never too late, it's never too late

Don't stop now, it's never too late
It's never too late, it's never too late
Don't stop now, it's never too late
It's never too late, it's never too late

It's never too late, it's never too late
