

You Failed

We Are Scientists

The taste of red wine on your lips that day
Gave away your secret
That you've been alone with all your thoughts
Instead of avoiding thinking

The look of red wine on your teeth that day
Made me consider leaving
Cause nothing much good ever got done
After a week of drinking

The test of a lifetime (you failed)
The test of a lifetime (you failed)
The test of a lifetime (you failed)
The test of a lifetime (you failed)

But all of the years can just fall away
For someone of that old feeling
And just cause the air is getting thin
Doesn't mean we stop breathing

The test of a lifetime (you failed)
The test of a lifetime (you failed)
The test of a lifetime (you failed)
The test of a lifetime (you failed)

(And don't forget it's what you want
Can't walk away unless you got it
Maybe afraid I'm not the one
I don't care, I don't care
And don't forget it's what you want
Can't walk away unless you got it
Maybe afraid I'm not the one
I don't care, I don't care)

The test of a lifetime (you failed)
The test of a lifetime (you failed)
The test of a lifetime (you failed)
The test of a lifetime (you failed)
