

Do it Together

We Are the Ocean

I saw her on the Friday night
Heart breaker dressed to the nines
Oh, dancer in the moonlight
Your body's got me hypnotized

Don't try to hide it
Don't try to fight it

Yeah, let's do it together
Something you'll remember
We can do it forever

She was something of a different kind
Kept secrets behind blue eyes
Her veil of sweet little lies
Heart breaker, be mine tonight

Don't try to hide it
And don't try to fight it either
The tank's full, let's go for a ride
Sparks make a flame, we'll make it alive

Yeah, let's do it together
Something you'll remember
We can do it forever

Yeah, let's do it together
Something you'll remember
We can do it forever

Late at night we're driving hard
Rattlesnakes and desert sky
No matter what we'll do, let's do it together

Later on, we're still undone
Dawn will come, and with it time to
Turn our backs to the rising sun
Contented, our time has come
Our time has come

I saw her on a Friday night
I never felt so alive
My dancer in the moonlight
We two are one

Yeah
Let's do it together
Yeah
Let's do it together
Let's do it together
Let's do it together
Let's do it together
