

Plagued

We Came As Romans

Plagued

Plagued

I stare into the reflection of somebody else
It's never myself I'm seeing
Alone, I feel no connection, this body's a cell
Becoming a shell of who I was

Everyday I keep searching
But it all just stays the same

I can't escape this hell that I live in (Live in)
I can't erase the choices we made (We made, that we made)
I'm cast away into plague, vanishing into rage
There's nothing left to say
I'm plagued
Plagued

I lose myself in distraction of anything else
It's always myself I'll shut out
Forgetting who I was back then, I'm somebody else
I'm only a shell of who I was

Everyday I keep searching
But it all just stays the same

I can't escape this hell that I live in (Live in)
I can't erase the choices we made (We made, that we made)
I'm cast away into plague, vanishing into rage
There's nothing left to say
I can't escape

Rage

I can't escape this hell that I live in
I can't erase the choices we made

I can't escape this hell that I live in (Live in)
I can't erase the choices we made (We made, that we made)
I'm cast away into plague, vanishing into rage
There's nothing left to say
There's nothing left to say
I'm plagued
Plagued

We decay
I'm plagued
