

## Sonrisa

## We Shot the Moon

One step forward, ten steps back  
(I can hardly see the track  
(But I know that you hear me, Sonrisa(  
And it's true I may get turned around(  
If I get lost, you might be found(  
But just one more night with my Sonrisa(  
Could turn me back around

Sonrisa, Sonrisa, Sonrisa(  
Would you stay awhile(  
Sonrisa, Sonrisa, (I see the sunrise in your smile

You see the footprints covering the floor(  
We've both been over this before(  
But I know that you love me, Sonrisa(  
And neither one of us is Heaven sent(  
But we'll get through the argument  
(I promise, you'll see it, Sonrisa(  
And you'll never leave again

Sonrisa, Sonrisa, Sonrisa(  
Would you stay awhile(  
Sonrisa, Sonrisa, (I see the sunrise in your smile

And I will follow you through every door(  
You will not lose me here(  
Sonrisa, let's stop keeping score(  
And make it easier(  
Will you make it easier

Sonrisa, Sonrisa, Sonrisa(  
Would you stay awhile(  
Sonrisa, Sonrisa, (I see the sunrise in your smile  
Sonrisa, Sonrisa, Sonrisa(, i need ya  
Would you stay awhile
