

## Glorious

## We The Kingdom

Manger underneath the starry sky  
Mother Mary tending to her baby's cry  
The ox and lamb behold their Maker King  
The One who spoke the world with "let there be"

Wise men crossing deserts in the night  
Following the prophecy, the promised light  
Fragile fingers, precious little eyes  
The Son of God was filled with saving fire

Glorious, glorious  
God is here, it's Christmas  
Emmanuel, the light has come  
He is glorious  
So glorious

Earth behold the savior of the world  
He's the hope for every man and woman, boy and girl  
The lungs that cried out through the stable walls  
Were the ones that cried it's finished once and for all

Glorious, glorious  
God is here, it's Christmas  
Emmanuel, the light has come  
He is glorious

Clothed in majesty  
He is glorious  
And I worship Him  
He is glorious

Can you hear the angels singing?  
Glory in the highest  
Peace on earth, He is wonderful

Glorious  
God is here, it's Christmas  
Emmanuel, the light has come  
He is glorious

Glorious, He is glorious  
God is here, it's Christmas  
Emmanuel, the light has come  
He is glorious  
He is glorious
