We The Kingdom

I am the tabernacle
Of the most high God
His Holy Spirit dwells inside of me

I will live my life
To glorify my King
I am a vessel for His majesty

Oh praise the Lord
Come bless the Maker
Lift up your voices
And lift them high

When we are washed
By the blood of Jesus
We walk in freedom
From death to life

His revival purifies
My heart and soul
I obey because I love Him
He has torn down strongholds
By His Word alone
I have been set free from every sin

Oh praise the Lord
Come bless the Maker
Lift up your voices
And lift them high

When we are washed
By the blood of Jesus
We walk in freedom
From death to life

So when trouble comes
God I will call
Call on Your Holy Name

You pick me up
Before I fall
Now that's amazing grace

I am the tabernacle
Of the most high God
His Holy Spirit dwells inside of me

I will live my life
To glorify my King
I am a vessel for His majesty

Oh praise the Lord
Come bless the Maker
Lift up your voices
And lift them high

When we are washed

By the blood of Jesus
We walk in freedom
From death to life

Oh praise the Lord
Come bless the Maker
Lift up your voices
And lift them high

When we are washed
By the blood of Jesus
We walk in freedom
From death to life
We walk in freedom
From death to life
