

30,000 Ft

We Three

Girl, this is complicated
To feel the way we do
I kinda just wanna break it
So I don't have to lose it
Forget that you've seen me naked
And the smell of your perfume
But if someone was going to break me
I'd want it to be you

When I'm with you I swear that there's not ever enough time
We're laying here and it's 2 AM, but I still won't shut my eyes
You asked if you should leave
I said ask again in five
Your brain is playing tricks again, but the truth is so is mine
Let's take a trip to California

Go get drunk in Malibu
And I know you haven't been to Nashville
So let's go get drunk there too
Go have sex inside an airplane
Do some things we wanna do
Girl, 30,000 feet feels like the floor compared to you

It's simple yet so complicated, but it makes me feel alive
All the boys in your DMs sayin' that you're different, and they're right
But I know that you're not perfect, 'cause perfect isn't real
But if something could be perfect, ya girl, it's the way you make me feel
