

Dancing In The Dark

We Three

Dancing in the dark with two left feet just isn't smart
Cause here I go again I'm trying jumps I'm trying spins
Cause baby don't turn those lights back on
Cause I look better in the dark
Yeah baby I do

I cut the power cord so I can dance with you some more

I got the taste of blood and now I'm drinking just because
So maybe don't turn those lights back on
It's better if we don't know who we are
Or maybe just me

They say that demons only dance in the dark
But my demons dance when they can see
So keep the lights dim baby

You're not just a pretty girl no
You're the only woman in my world
And I'm a little scared let you see
So I've been lying through my teeth
So baby don't turn those lights back on
Cause I got less demons in the dark
Oh honey I do

You give me second chances, thirds and fourths
I take advantage
But therapy is expensive so I buy a box of bandages
So baby you don't have to turn the lights on
Cause it's better if we don't know where we are
Or maybe just me

Cause they say that demons only dance in the dark
But my demons dance when they can see

Dancing in the dark with two left feet just isn't smart
So here I go again I'm trying jumps I'm trying spins
So baby don't turn those lights back on
Cause I look better in the dark

Demons only dance in the dark
But my demons dance when I can see

So keep the lights dim, baby
