Girl you look good from the front and the back  
And I'm fine with all these other guys staring at you  
And looking at me like I'm not enough for you  
Cause honestly I'm thinking that same thing too

And that's why when we get home I start acting strange  
And I don't want to tell you why, don't wanna be this way  
Cause jealousy's a full time job  
Keeps me up when you are not  
Writing songs all I got  
So I'll be singing like

Do do do do do do do do

I get jealous of the way that he talks to you  
I get selfish when I don't got a reason to  
You say you're melting every time that I sing to you  
So baby say the word I'll sing when you want me to

So I'll be sing bout ya, dreaming bout ya baby till you come around  
I'll sing ya karaoke at the shitty bar we got in town  
You like me sing country think it's sexy makes you want me
