Stuck Like This

We Three

Running outta breath just sitting down
From the top of my head then just two inches south
I'm stuck in here and I can't get out
I'm already turning red just from thinking bout

How I can't escape these places with those old familiar faces
Think it started with my braces, now my brain is running races
Due to stupid conversations that were barely conversations
That's when things became less vacant in my mind

Hope I'm not alone when I say my brain is stuck like this
Are we all the same and we'll do our best to try and fix
Got no vacancy up here till I make some reappear
Hope I'm not alone when I say my brain is stuck like this

Looking through my bag cause I can't calm down
Couldn't tell ya why I'm sad and it really freaks me out
Plus I'm stuck in here and I can't get out
Could you meet me where I'm at or would it bring you down?

Cause our order's over rated and our form is over stated
And my sanity's been jaded, so I thought I might explain it
When I'm talking to you, face it, I'm not trying to be complacent
I'm just waiting for more spaces to arrive

Hope I'm not alone when I say my brain is stuck like this
Are we all the same and we'll do our best to try and fix
Got no vacancy up here till I make some reappear
Hope I'm not alone when I say my brain is stuck like this

There's a battle in my brain over who's gonna get to talk
There's one that likes the pain and the other is sorta soft
They're pushing and they're pulling, but I'm an expert at ignoring
All the voices that come pouring when I'm supposed to be here snoring
It's a scary thing to hear all the stuff between my ears
Cause it's lovely and it's bubbly then it suddenly turns to ugly
Now I'm stuck here with no brain cause I've let way too much in
So now I'm asking all my friends to see if anyone understands

Hope I'm not alone when I say my brain is stuck like this
Are we all the same and we'll do our best to try and fix
Got no vacancy up here till I make some reappear
Hope I'm not alone when I say my brain is stuck like this
