

## Just Don't Think About It

## We Were Promised Jetpacks

Just don't think about it

Just don't think about it

Just don't think about it  
Maybe I will

Just don't think about it  
Maybe I won't

Just don't think about it  
Maybe I will, maybe I won't

Just don't think about it  
It's time to stay still, it's time to let go  
Maybe I should

Just don't think about it  
How long can this last and when will it pass?  
Is it time to stay still? Is it time to let go?

Just don't think about it

Maybe it's alright  
Waking up early  
I'm falling in cobwebs  
I suffer the night sweats  
Maybe it's alright (waking up early)  
I've got the night sweats

Just don't think about it  
(I was right all along)

...
