

Make It Easier

We Were Promised Jetpacks

Don't make it easier on me,
Cause I don't deserve, your time and your love
Don't wait, to make it easier on you,
Cause I can't return, what you deserve
And that's all I've ever wanted

Don't, don't wait, you should be in a hurry
(Hurry)
To get out of my way

I've whiled away, all my days, just wasted
I've no idea, where to go from here, but I'll waste it

All my days are wasted

And don't, don't wait, you should be in a hurry, hurry, hurry
To get out of my way
