

Problems

We Were Sharks

If I can't get you to admit it, we'd be good
If you could get me to say sorry like I should
No we're not talking now
Yeah, we got problems now
You walk away like you're modelling couture
I double down like I'm so damn sure
But we're not talking now
Yeah, we got problems now
Hot tempers, cold shoulder

I know I'm always saying that I understand
I wonder if it's ever going to come back my way
I don't know how much more of this I can stand
I need to hear you say
It's been too long
I need you now
We've both been wrong
But we can't say how

Cool it down, we should throw it in reverse
Door slamming like we're living with curse
Nobody's winning now
Yeah, we got problems now
What's the point, do we know anymore
(I wish)
We kept our promises instead of keeping score
(Like this)
Yeah, we got problems now
Yeah, we got problems now

I'm not trying to be too proud
Trying to find a way around
These hot tempers, cold shoulder

I know I'm always saying that I understand
I wonder if it's ever going to comeback my way
I don't know how much more of this I can stand
I need to hear you say
It's been too long
I need you now
We've both been wrong
But we can't say how

I'm trying to speak truth here
I'm trying to call it truce here
Silence getting so loud
Nobody wants to stand down

Hot tempers, cold shoulder
I know I'm always saying that I understand
I wonder if it's ever going to come back my way
I don't know how much more of this I can stand
I need to hear you say
It's been too long
I need you now
We've both been wrong
But we can't say how
