

With \$10,000 We'd Be Millionaires

We Were Sharks

Let's take the long way home
Talk about the things we've done
Since we've been gone
I guess things never change
[?] they stay the same
They stay the same

But I'm not ready to let this go
Not just yet
It'll be alright they stay

These are the nights
That make us feel alive
Feel alive
These are the days
We'll talk about until we die
Until we die

I still remember when
We tried to burn it down
To the ground
I guess things never change
Growing up we stay the same
We stay the same

But I'm not ready to let this go
Not just yet
It'll be alright they stay

These are the nights
That make us feel alive
Feel alive
These are the days
We'll talk about until we die
Until we die

Until we die

These are the nights
That make us feel alive
Feel alive
These are the days
We'll talk about until we die
Until we die
