

1983

Weathers

Windows fogged up, nothing new
Only enough room for two
And oh we're getting old
And oh the night is cold
Windows fogged up, nothing new

You've got that 1983 vibe and not a lot of time
Take in the view
You got your top down, headed southbound
And turning out of time
What do we do?

One last ride and one more time
And na na na na na na
Yeah you
You
Na na na na na na

We made love and history
Loud, hot fuss and movie screens
And oh we're getting old
It's out of our control
We made love and history, yeah

You've got that 1983 vibe and not a lot of time
Take in the view
You got your top down, headed southbound
And turning out of time
What do we do?

One last ride and one more time
And na na na na na na
Yeah you
You
Na na na na na na

One last ride
One more time
One last ride
Oh one more time

You've got that 1983 vibe and not a lot of time
Take in the view
You got your top down, headed southbound
And turning out of time
What do we do?

One last ride and one more time
And na na na na na na
Yeah you
You
Na na na na na na

Windows fogged up, nothing new (na na na na na na)
Only enough room for two (na na na na na na)
(Na na na na na na)
Only enough room for two (na na na na na na)
