

Hello

Weathers

I long denied the possibility
That something could be wrong with me
The apple fell not far from the tree
I guess I'll blame it on my jeans
Yeah, yeah, yeah
Try to swim, try to run
These legs don't work on me
Generational anxiety
We won't go quietly

So, I say hello
Hello, hello, hello
I say hello
Hello, hello, hello

After-party at the hospital
I really just wanna die
They check my head and give me pills
Now everything is really fine
I can't get too lost in a feeling
No goodbyes as long as I'm breathing

'Cause I say hello
Hello, hello, hello
I say hello
Hello, hello, hello
Do you ever feel like we're all left alone?
You ever feel like this house ain't a home?
Hello, hello, hello
(Yeah, uh-huh)

'Cause I say hello
I say hello

I say hello
Hello, hello, hello
I say hello
Hello, hello, hello
Do you ever feel like we're all left alone? (Like we're all alone)
You ever feel like this house ain't a home? (This house ain't a home)
Hello, hello, hello

Hello, hello, hello
Hello, hello, hello, hello
Hello, hello, hello, hello
Hello, hello, hello, hello
