Weathers

In this weather it's always better if you keep it dry
Feeling lonely so I'm going out on a bike ride
[?] thinking wish I had someone to clear my mind
My mind, my, my mind

It's all so tragic to feel ecstatic for you, for you
The sun is leaving, you'll be on your way too, way too

When the rain falls down and the world turns dark
I need umbrella company
When the sky's all clear you can still stay here
I need umbrella company
Umbrella company

In this moment, thrown together we can improvise
Every cloud's silver lining shining in your eyes
It's got me thinking that there's a reason why you're by my side
My side, my my side

It's all so tragic to feel ecstatic for you, for you
The sun is leaving, you'll be on your way too, way too

When the rain falls down and the world turns dark
I need umbrella company
When the sky's all clear you can still stay here
I need umbrella company
Umbrella company

Everyone can use some shelter
We were born to be together
We all need
Umbrella company

I can feel it coming in the air tonight, oh Lord
And I've been waiting for this moment for all my life, oh Lord
I can feel it coming in the air tonight, oh Lord
And I've been waiting for this moment for all my life, oh Lord

Umbrella company
I can feel it coming in the air tonight, oh Lord
Umbrella company
And I've been waiting for this moment for all my life, oh Lord
