

## Bugle Call From Heaven

Webb Pierce

When that bugle calls from heaven  
Will you be ready to spend that last retreat  
When the battle is all over  
Will you be ready your loved ones to meet

When that final roll is called up yonder  
And the cares of this life are no more  
Will you be in that great army  
That lands on that bright and peaceful shore

When the Master up in heaven  
Looks down from above and says that's all  
Can you stand that last inspection  
Can you answer that final bugle call

Dear Lord and Savior up in glory  
Please have mercy on this sinful soul of mine  
When that bugle calls from heaven  
Let me be ready to fall into line

Hear that call hear that call  
Seems to me that I can hear the trumpet blow  
Calling all of our Savior's soldiers  
To end all this earthly strife below

When the Master up in heaven  
Looks down from above and says that's all  
Can you stand that last inspection  
Can you answer that final bugle call
