

## High Geared Daddy

Webb Pierce

Come on here girls and hear my song  
I'll tell you my troubles as I step along  
I'm a high geared daddy and there's nothing I won't do  
I'm a two time papa when you leave me at home  
I'll call another momma on the telephone  
I'm a high geared daddy that's never been made blue

If you leave me at home well that's alright  
I'll take a new momma with me tonight  
I'm a high geared daddy and I won't be treated this way  
When you come back home and you find me gone  
Then I guess you know I'm not alone  
I'm a high geared daddy and I'm gonna have my day

Oh I like my blondes with their eyes of blue  
But can bet your life I like a red head too  
I'm a high geared daddy and there's none that really looks bad  
I shake rattle and I ramble in my Ford V-8  
And I date anything that I can date  
I'm a high geared daddy that's never been made sad

Well you've heard my song I'll be running along  
So when you get married just remember this one  
I'm a high gear daddy and there's nothing I won't do
