

# I Found a True Love

Webb Pierce

I found a true love, I don't cry anymore  
No more bitter tears like I said before  
And I don't search now for a heart that is true  
For I found a true love when I met you

Oh, how many times I've tried and tried to find  
Someone like you that could ease my worried mind  
And now I found you, you're an angel on earth  
Take my heart and soul dear for all that it's worth

Oh, how many times I've tried and tried to find  
Someone like you that could ease my worried mind  
And now I found you, you're an angel on earth  
Take my heart and soul dear for all that it's worth
