

## Someday

Webb Pierce

Someday when I'm free from the  
Chains of love I may fall in love again  
Someday when the torch for you grows dim  
I may find happiness then

You'll never know the pain you've caused  
I know you meant no harm  
If heartbreak should take you by surprise  
You'll know how my heart has been torn

Someday if you realize you've made a mistake  
And wanted me back again  
My heart will be yours to keep or break  
I'll take the chance again

You'll never know the pain you've caused  
I know you meant no harm  
If heartbreak should take you by surprise  
You'll know how my heart has been torn

Someday if you realize you've made a mistake  
And wanted me back again  
My heart will be yours to keep or break  
I'll take the chance again
