

## Sweetheart You Know I Love You So

Webb Pierce

I am so blue longing for you  
Sweetheart you know I love you so  
Somehow it seems that in my dreams  
You'll be with me where ere I go

Though we have to part dear you'll be mine someday  
Knowing that you love me it's alright to stay  
I'm sure that for you our dreams will come true  
Sweetheart you know I love you so

Sweetheart divine when you are mine  
I'll love you just as I do now  
There'll come a day we'll have our way  
Things will turn out for us somehow

We will find contentment in our precious love  
We'll just take the right road made by One above  
What the people say cannot change the way  
Sweetheart you know I love you so
