Never was scared we swim in that water  
The I for me I get it from C RIP he was a G  
I'm holding it down I'm never goin leave  
The L for loss I wanted to find a way out the mud  
I wanted to shine  
I got in the game and rolled the dice and man the other L stand for life  
Made a few dollars and lost a few dudes  
Trust me you don't wanna walk in these shoes  
Ask my doctor he'll say it's all in my DNA

[Chorus:]

I done seen some things  
I been through so much  
Walked through that rain  
Came out that mud  
Stood up in that flame  
No I didn't budge  
Niggas switched and changed  
Don't mean now I don't trust  
Trill tatted in my heart  
Trill runnin through my veins  
Been trill fam from the start  
And trill fam I will remain
