Stomping out niggas like the zone

We come to your door

Knock, knock, chop, chop (knock knock knock knock knock...)

Here we go

Cause we heard you had a problem (A problem)

Gotta problem, nigga? (A problem)

Gotta problem, nigga? (A problem)

Gotta problem, nigga? (A problem)

[Boosie:]

I went to gutter school, Boosie Boo a problem solver

Me and my a lil goon and my .38 Revolver

Cut your throat twice, thug life, bulldoggin'

Bitch, if it's beef, we don't sleep, we stalkin'

Send a ride to see your pussy-ass and won't be late

Bitch nigga, you got a problem, you must don't want your face

You fucking with a ace in the hole, a maniac, nigga

Smoke fire all that, Boosie bringing that, nigga

Bust your head in the 'lac, rip the threads off the seats

Tattletaling-ass nigga, "Boosie messing with me!"

That's you letting em drugs make you fuck with a G

You got a problem, bitch, I'm putting you to sleep

Bitch ya ass gotta...

[Boosie & Webbie:]

(I'm telling you, Savage Life... What's Happening? Look.)

[Webbie:]

Say what's on your mind, let me know how you feel

Boy I do this all the time and you know I'm for real

And you know I'm with Trill

Hunt your dog like a deer

But we ain't gotta get retarded

Man, I'm just tryna chill

Got the ball no fumbling

Cross us, we rumbling

Fuck ya'll niggas, we don't need no company

California Ganja and

You know how we coming, it's

Never 1 on 1, you know everybody jumping in

Pumps in the trunk, just in case we have to hunt again

Hit you in your legs see that you don't ever run again

Put that dick up on her, got her moaning, feeling cum again

Look, I know you pussy boy, but I was still wondering...
