

## In Misery

Wednesday 13

You bring out the worst in me  
With you I know I'll never achieve anything  
You're a curse and I'm doomed for eternity  
I just can't get enough of your insanity

I always knew we were meant to be

I'm in misery  
I'm so completely  
In misery  
With you

I'm in misery  
I'm so completely  
In misery  
In misery with you

I don't know the words to say  
So let me say them anyway  
Go to hell 'cause I'm underneath your spell  
We're the worst thing for each other  
But I would never tell

I always knew we were meant to be

I'm in misery  
I'm so completely  
In misery  
With you

I'm in misery  
I'm so completely  
In misery  
In misery with you

I always knew we were meant to be

I'm in misery  
I'm so completely  
In misery  
With you

I'm in misery  
I'm so completely  
In misery  
In misery with you

In misery with you  
In misery with you
