

## Return to Haddonfield

Wednesday 13

This world can be cruel  
And he'll prove it all to you  
When the lights go down tonight in Haddonfield

Maybe you'll make it through the night  
Maybe you won't and that's alright  
The boogie man he's returned to town

Tonight he stalks and kills  
On the streets of Haddonfield  
You can hear them scream  
Oh it's Halloween  
It was the night that he came home  
So you don't go out alone  
You can hear them scream  
Oh it's Halloween

You can cry, you can scream  
You can pray it's just a dream  
When the lights go down tonight in Haddonfield

Maybe you'll make it through the night  
Maybe you won't and that's alright  
Don't be around when the sun goes down

Tonight he stalks and kills  
On the streets of Haddonfield  
You can hear them scream  
Oh it's Halloween  
It was the night that he came home  
So you don't go out alone  
You can hear them scream  
Oh it's Halloween

Tonight he stalks and kills  
On the streets of Haddonfield  
You can hear them scream  
Oh it's Halloween  
It was the night that he came home  
So you don't go out alone  
You can hear them scream  
Oh it's Halloween

Don't be scared it's just Halloween
