

## Formula One

Wednesday

I like sleepin' with the lights on  
You next to me watching Formula One  
Truck was too tall for the overpass  
Got the top ripped off, didn't see it happen  
I just saw the aftermath

Rusty old can opener neglected in the drawer  
Reminds me of the ones you did off of the diving board  
Bird flies into the window every day at the same time  
It'll never learn, but it also wouldn't die

Halloween decides to beat me  
Into a pulp 'til I try to just play dead  
I broke the dark  
My day is gone  
I listen to what you had been thinking  
"Love's not the way to treat a friend"
