

## Gary's

Wednesday

Amanda ripped the screen door off the house  
She was screaming something at her boyfriend we could not make  
out

I walked a quarter mile to get the mail  
Fifty yellow birds fly from the field into the air

Gary's parking right outside the house  
He is yelling something so we will come out  
He is halfway out the window and he's taking out his teeth  
He smokes a cigarette, a sigh comes from from the oxygen tank

Hit the hitter with the first pitch  
Team ran out from the dugout to throw fists
