

Higher Ground

Weekend Players

Bless my heart I think about
Only you
You can't get much higher ground
Than you

Bless my heart I think about
Only you
You can't get much higher ground
Than you

Bless my heart I think about
 (Bless my heart I think about)
Only you
You can't get much higher ground
 (Bless my heart now I've found you)
Than you

Bless my heart I think about
 (Bless my heart I think about)
Only you
You can't get much higher ground
 (Bless my heart now I've found you)
Than you

Bless my heart now that I've found you
Bless my heart now that I've found you
Up on the higher ground

Bless my heart now that I've found you
Bless my heart now that I've found you
Up on the higher ground
