

## Big Baboons

Ween

Sometimes when I'm alone  
And thinking about myself  
I go to the phone, and call someone else

The human is not at home  
She's working past the moon  
Well, I think I'll go insane, and become a big baboon

Big baboons don't worry about the weather  
Oh, I said, big baboons don't worry about the time  
Big baboons' friend is named Freddy  
He's a, he's a good friend of mine

Take it, Dean  
Freddy likes to eat fruit  
And chew on the vines  
He doesn't wear a suit

And he doesn't do lines  
He's just a baboon  
Unlike, you and me  
He's got ears and a tail, and he can even sing

Oh, big baboons don't worry about the weather  
I said, I said, I said, that baboons don't worry about the time  
Oh, Big baboons have a friend named Freddy  
He's a good friend of mine  
Alright, thank you
