

## Pot Luck

Ween

Pot luck  
Let me run around like you know I do  
Pot luck  
Found a girl I'll love my whole life through  
Pot luck  
The sweetest smile beats me with the day  
Pot luck  
Tied in my arms I hope you'll stay  
Cause I know with all my heart, I wouldn't make it alone  
I been there so many times, with you I feel at home (Yeah)

Pot luck  
Make me laugh and tears are runnin' out my eyes  
Pot luck  
We'll ride down the path under sunny skies (Yeah)  
Pot luck  
Not much more I think I need to say  
Pot luck  
Hope we'll stay together 'til our dying day  
Cause I know with all my heart, I wouldn't make it alone  
I've been there so many times, with you I feel at home
