

The Stallion (Pt. 5)

Ween

Prepare the mount, boy
Get ready to ride
On the steps of the stallion
Through the sight of life
There, in the distance
And the trail of the mane
Flying with his scepter
Stronger than time

One man! Controls the stallion
Two men! Can tame the stallion
Three men! Can grace the stallion

Can you hear me?
Do you see what I'm saying?
You've got to see the stallion
And the eyes of fire
Eyes of time show
In a hive of truth
He breaks the young one
And he breaks the old one

One man! Controls the stallion
Two men! Can clean the stallion
Three men! Can form the stallion

Drink, drink, stallion
Drink, stallion
Enjoy, enjoy the fire, stallion
Can you drink for me, stallion?
Drink for me

One man! Caresses the stallion
Two men! Can harness the stallion
Three men! Can feed the stallion

One man! Controlled the stallion
Two men! Can chase the stallion
Three men! Can grace the stallion
