

## Ghost of Love

## Weeping Willows

You are here  
You're a dream  
There's a ghost of love beside me on my bed  
Half awake  
Half asleep  
I've got a hunger and I'm longing to be fed  
Oh please  
Let me be  
The one that you miss  
The one that you dream of  
When you long to be kissed  
I'm aching and yearning for you  
Ghost of love  
Deep down feelings in my chest  
Need to come out  
Need to find my happiness  
I'm so tired  
I can't rest  
And I wonder if you're lonely in your bed  
Oh please  
Let me be  
The one that you miss  
The one that you dream of  
When you long to be kissed  
I'm aching and yearning for you  
Ghost of love  
Oh if I only knew you I would give my love  
If I only found you I could give you all my love  
Oh please  
Let me be  
The one that you miss  
The one that you dream of  
When you long to be kissed  
I'm aching and yearning for you  
Ghost of love
